

## EMS REFRESHER TRAINING CAN BE CHALLENGING, NO MATTER HOW YOU HANDLE IT.

Medic-CE, a Career Step company, has the solution. We are a leader in live virtual instructor-led training (VILT), and on-demand, self-paced courses. Our curriculum is NREMT-accepted, CAPCE-approved and accepted in all 50 states. With our courses, your staff can complete ALL DIDACTIC TRAINING requirements from any smartphone, tablet, or computer on the schedule that works for them with live instructors in an online classroom.

Medic-CE offers....

- **Cost savings** with quality training that completely replaces your staff's didactic classroom refresher training!
- **Mitigated risk** by ensuring your staff training is compliant and eliminating any worry in the event of an audit.
- **Tracking and reporting** through completion of training.

Take the first step today and see how Medic-CE can help you provide a better training experience to your agency.
